

THE IRVINE GOLF CLUB

6TH HOLE CAMERA OPERATING INSTRUCTIONS.

The 6th hole can involve a blind tee or approach shot over the hill onto a lower plateau. Players from the game in front or ones playing the 7th hole may still be in the vicinity of the 6th fairway landing area which could result in a risk of injury.

As such, we have installed a camera behind the green to allow you to check if the fairway is clear, and is safe for you to play.

You will be able to access the camera via an app on your smartphone, which we would encourage you to download before your round.

Downloading the app and setting up your account.

1. Go to your device App Store, search for an app called 'HIK-Connect - for End User'.
2. Install the app, accept the terms & conditions but reject the alerts & notification prompts.
3. Tap envelope icon and login with the details below;

- Username - igc@theirvinegolfclub.co.uk
- Password - IGCCamera6th

4. Once you have logged in, simply tap the camera named IGC 6th Green.
5. When promoted for an encryption code enter the one detailed below;

- Encryption code - eclipse

Pinch with two fingers to adjust the zoom of the picture and play when safe to do so.

Please only use the camera app when you are on the golf course. Close it when finished.
